GRAND JURY AT WAILUKU

Gives Severe Roasting to Police of District.

WAILUKU, Maui, June 15, 1903.—The Circuit Court house at Wailuku is still crowded every day during the week. The Grand Jurors finished their arduous labors last Saturday and presented their most exhaustive report.

Judge Mahoe and six other policemen were summoned from Molokai and all of them gave evidence as to what they personally know of the alleged irregularities of the police on the island of Molokai. The police and their superiors have received the most severe reprimand and censure from the Grand Jurors.

The case of Harry Hartelle, for alleged rape on a Japanese woman at Kihel some five months ago occupied the attention of the Court during last Friday. Attorney J. L. Coke assisted the prosecution while Judge Stanley ably defended Harry Bartelle.

At 10 o'clock that night, on motion the Court instructed the jury to render a verdict for the defendant for failure of the prosecution to bring corroborating witnesses to the evidence of the complainant witness.

The trial jury is sitting today hearing cases indicted by the Grand Jury. Judge Kahua goes this evening to Honolulu and will return on Wednesday morning.

GRAND JURY'S REPORT.

The report of the Grand jury opens with the presentation of indictments as follows, 24 cases having been investigated:

True bills against Ah Fat, larceny second degree; Kane, larceny second degree; Chas. Munena, larceny second degree; Harry Bartelle, rape; Manuel Silva, larceny second degree; Roke Pasane, larceny second degree; Chibo, assault with a weapon; Wong Lock, larceny second degree; Taki, assault with a weapon; Jose Rodrigues, assault with a weapon (two other indictments); Jose Rodrigues, larceny second degree; Jose Rodrigues, polygamy; John K. Keanu, burglary 1st degree; Suyanaga, burglary 2nd degree (two other indictments); Ahama, assault with intent to commit rape; Okano, bribery; S. Ah Mi, bribery; William Punalai, perjury; Iona Kaal, larceny second degree.

No bill in the case of Kawani, assault with a weapon.

The grand jury proceed to comment on matters investigated as follows:

THE POLICE SCORED.

During our session we have investigated the Police Department of Maui, Molokai, and Lanai, as well as the alleged irregularities of the Road Board of Wailuku, Maui.

Under the former, we are convinced that the police force of Molokai is in wretched condition and has laid itself open to severe censure. We find that at least two of the commissioned officers are in the employ of private parties; that the larger proportion of their time is spent in the services of said private parties; and that the larger proportion of their salaries is paid by the government. This custom of police officers being employed by private parties to look after their private affairs, we consider should be stopped.

We would mention one especially, Kahane, who draws the largest salary paid to any constable on the island of Molokai, who lives upon the Brown Ranch at Puuhoku, and who spends at least five days out of seven looking after said ranch. We find that this officer was incapacitated for several months, that no one was appointed to perform his duties and that the public did not suffer during his indisposition; that he never performs any government service, and that his nearest neighbors are at Halawa at some distance from his present home. We heartily disapprove of any member of the Police Department being used in the private interests of his superior officers either directly or indirectly.

We would recommend that this officer be removed and if an officer is necessary in that district, that one be commissioned who resides in or near some settlement where he may be reached easily and quickly by any one in need of his services.

POLICEMAN SALOONIST.

We further consider that the officers who were present at the time of the accident to Mrs. Nakulua at Kuanakakai showed gross neglect in the performance of their duty, and that they should be severely reprimanded for such neglect. Rather than let such disgraceful acts go unpunished, a clean sweep should be made and a force of officers appointed who will see that law is enforced and order maintained. It has further come to our notice that

one H. R. Meyer, a commissioned officer of Molokai, is mail carrier, and has some business interest in a saloon at Kuanakakai. It is the opinion of this jury that no one interested in maintaining a saloon should be allowed on the police force.

We are further of the opinion that a District Magistrate in Honouliuli, a part of the Wailuku District, is superfluous, and that the policeman for said district should live in and near the center of the district he serves.

In the case of the prosecution of a Chinese in Wailuku said to be out of private malice, the jury, after thoroughly investigating, has failed to find a reason for censuring the Wailuku police.

PUBLIC IMPROVEMENTS.

We consider that the members of the Wailuku Road Board should have regular stated monthly meetings at which all members should be present and at which the public could have a chance to make complaint. We further consider that the box taking the water under South Market street is inadequate and should be changed at once. We find that the crossing of the Wailuku Sugar Co.'s track near the Catholic Church on Mill street is dangerous to life, and that the Wailuku Sugar Company should be compelled to have either an automatic signal when trains approach or should station a man there to make such signals.

We would recommend that the Road Board take some action to relieve the people living along the Mormon Church road below William Kukona's place from damage done by water that comes from the Wailuku Sugar Co.'s flume.

We finally recommend that our secretary, David Morton, be recompensed for his valuable services during our sessions at the rate of \$3 per day. We wish to express our high appreciation to W. T. Rawlins, Deputy Attorney General, for his assistance during our investigations.

Signed this 13th day of June, 1903.

TAKE COLLEGE EXAMINATIONS

Examinations are being held at the High School building of students who intend to enter mainland colleges. Examinations upon the same questions are being held in nearly all of the High Schools of the United States.

In years past there has always been much difficulty over the entrance of pupils to various colleges. All of them required a certain standard and an examination before admittance to the school. A few years ago, representatives of the larger colleges agreed upon a new plan to obviate much of the troubles of college beginners. This was the appointment of a committee of professors from some of the larger colleges to prepare entrance examination questions. These questions are sent sealed to various high schools and the papers of the students are then submitted to a set of examiners, also made up from different schools.

Results as shown in the markings of the papers are sent to whatever college the student wishes to enter, and if he has made the required rating he is admitted without further examination.

Those being examined are Misses Blanche Soper, Thompson, Tucker, Elsie Smith, Schaefer, Cordie Carden, Marshall, Paty, Schnack and Carl Andrews. Some of them are from the High School and others are former Punahou pupils.

FIGHT OVER APPROPRIATION FOR KAPIOLANI PARK.

(Continued from page 1.)

Vida offered as a rider "provided, that the money be spent for advertising the Territory abroad." He said he had talked with merchants who favored this disposition. Harris opposed this saying that if the money was to be refunded it should be without conditions. The money had been advanced to keep the city clean and he did not believe that the legislature should say how the money was to be used if refunded.

Kaniho wanted the item stricken out entirely, saying the Board of Health had replied to a House resolution that there was no disease in the city. A recess was taken in the midst of the discussion.

College idiot (indefinitely)—"It strikes home, doesn't it?"
Kind friend—"Her—what does?"
College idiot—"I was just thinking of our parlor clock."

BASEBALL SEAT SALE

The Boxes Will Be Put Up at Auction.

Improvement with age is expected, but the crowds which see the new baseball grounds on Saturday will find many changes and great in the solidity of the field and the arrangements for taking care of the crowds. While the opening day was a great one for the number of people attracted, it seems safe to say that the attendance of this week end will be better.

The interest in the league race is growing. The two games of Saturday may result in such a way as to make it unique. The Elks-Kamehameha game is any body's, from present point of view, the little men in blue being in fine trim, and seeming to have taken their wind for a long run. The Elks are at work hard in practice, however, and should make the game a very close and hard one. Should the Elks win, the two teams would be placed on an even footing.

The Punahou-H. A. C. game will be a hard one to pick. The teams are playing well, the latter coming on finely, improving with practice, and now being in form to give any aggregation a sharp tussel. The collegians are heady players and have thus a great advantage. It is not known how Capt. Steere will place his men, but he has pitchers enough to make the game a hard one to beat. The victory of the H. A. C. team, should that be the result, would mean that the teams would be tied. That would place the four teams which play on the day in the same category, each having played five games, each having won three and lost two, with a percentage of .600. The Mailes have not won one of the four games so far.

The boxes in the grand stand, for the season, will be placed on sale at auction on Thursday at noon, at Morgan's auction house in Queen street. The choice of the ten will go to the highest bidder, and so on until all have been taken. The boxes include seats for five people and there will be some lively competition, it is thought, as there have been many inquiries for the choice seats.

On the same day, Thursday, reserved seats will be placed on sale at Pearson & Potter Company's and at Whitman & Company's stores for the game of Saturday. This course will be followed each week hereafter, and the prospect is that the convenience of not having to get into the crowds at the gates will draw many more people.

"I don't see why a well dressed man like you should have to walk the railroad track."
"Well, you see, I am a theatrical manager and I am getting together a company."

HOSTETTER'S
CELEBRATED
STOMACH BITTERS
WEAK KIDNEYS

When you have pains in the back and are unable to sleep, your kidneys are weak. Heed these danger signals by giving nature the aid she requires.
